Notes to Accompany CDE and GDD Grading Lists of ACDS Registered Horses/Ponies:

Regularly updated Combined Driving Event (CDE) and Graded Driven Dressage (GDD) Grading Lists have been compiled to follow the individual progress of ACDS registered horses and ponies through the prescribed graded achievement levels, as per the current CDE and GDD Rules.

When horses/ponies are registered with the ACDS, their details are added to both lists. As each horse or pony competes in a CDE or GDD event, their status will be updated to reflect their progress.

Horse Registration numbers are easily available on either the CDE or GDD Grading Lists. Both lists are produced in an alphabetical format, so individual status is easily accessible to members and officials alike.

Organisers can consult these lists to confirm a horse/pony's ACDS Registration and CDE or GDD grading. Members can also check their horse/pony's individual progress.

All horses **MUST** be registered prior to commencing an event. Notations on the Entry Form that state 'Pending', 'TBA' or similar will not be accepted.

A reminder to Officials that Event Results need to be sent to the ACDS Grading Officer at acdsresults@gmail.com within seven (7) days of a GDD event or 14 days of a CDE. State CDE and Driven Dressage Convenors are requested to ensure this happens.

All enquiries should be directed to the ACDS Grading Officer, Jane Keevers, on 0417 471 677 or the above Email address.
